Subject: **Exit Signs**

John,

We now have most of the hybrid exit signs I purchased from you installed and I just wanted to let you know that I am very happy with them. They are very easy to install and hook up and are very bright. Even in areas where we have a lot of sunlight they are bright enough to really stick out and be noticed. It's also nice that one sign is able to be use with multiple voltages but the best thing about them is that they will save us on energy and eliminate the time spent replacing batteries and bulbs.

Thanks,

Tom Mills
